Annual Budget Planner 2027

Read me first - 2 minutes

1. SETUP tab: type your income sources and your budget categories (green cells). Categories feed every other tab.

2. TRANSACTIONS tab: log each expense - date, category (drop-down), description, amount. The month fills in by itself.

3. DASHBOARD tab: pick a month in the yellow cell. Totals, budget vs actual and the chart update automatically.

4. ANNUAL tab: your whole year at a glance, month by month and category by category.

5. DEBT PAYOFF and SAVINGS GOALS: enter balances and targets, progress bars fill in as you go.

Only type in green-shaded cells. White cells contain formulas - leave them as they are.

Works in Google Sheets (File > Import, or open from Drive) and Microsoft Excel 2016 or newer.

Sample data is included so you can see it working. Clear it from the green cells when you are ready.

This is a personal budgeting tool, not financial advice.
